Email: magiur99@gmail.com

Aspiring Frontend developer with a strong passion for coding, debugging, and optimization for responsive web applications. Equipped with a solid foundation in self-taught coding skills and a keen eye for detail, I am eager to transition into the web development field. Results-oriented, adept at handling complex challenges, comfortable in dealing with ambiguity, and possessing strong interpersonal skills with the ability to develop close working relationships with colleagues, clients, and stakeholders at all levels.

EMPLOYMENT HISTORY

Frontend developer

Full time student (Sep 2022 – present)

As a dedicated full-time development student, I have been working to expand my skills in HTML, CSS, React and JavaScript. With a strong focus on creating user-friendly and responsive web applications, I have been immersing myself in learning, Bootstrap, User Experience design and accessibility. I have been using tools like Jira and Confluence.

Premier Property Lawyers

Intermediate Conveyancer (Apr 2022 – Sep 2022)

I demonstrated strong analytical skills, attention to detail, and effective communication with clients and various parties involved in property transactions. I successfully managed multiple tasks simultaneously, including conducting searches, reviewing legal documents, and handling financial aspects of the transactions. My ability to liaise with clients, solicitors, and other stakeholders showcased my strong interpersonal skills, which will transfer seamlessly into a frontend developer role. My experience in coordinating and managing complex processes highlights my ability to adapt to new challenges, making me a promising candidate for a junior frontend developer position.
