

Sanita Gailuma

Bristol, UK
Email: magiur99@gmail.com

Frontend developer with a strong passion for coding, debugging, and optimisation for responsive web applications. Equipped with a solid foundation in self-taught coding skills and a keen eye for detail. Results-oriented, adept at handling complex challenges, comfortable in dealing with ambiguity, and possessing strong interpersonal skills with the ability to develop close working relationships with colleagues, clients, and stakeholders at all levels.

SKILLS

JavaScript • jQuery • React • Next.js • TypeScript • Flexbox and Grid • Bootstrap • HTML5 • CSS3 • JSX • TSX • Docker • Jira

EMPLOYMENT HISTORY

Connou App

Frontend Developer(June 2023 – present)

Connou is an app that connects mind-liked students at University. The company is based in Germany and the team is 100% remote.

I have updated the website and mobile interface closely working with UX/UI designers and fellow developers. I'm using React, Next.js, Docker, TypeScript, and TSX.

I'm using Git and GitLab, alongside Git Graph in Visual Studio Code, to maintain effective version control following the company's workflows.

Premier Property Lawyers

Intermediate Conveyancer (Apr 2022 – Sep 2022), Remote

Leveraging strong analytical skills and attention to detail, I managed a high volume of property transactions per month, highlighting my adaptability and commitment to get things done. My effective communication with various stakeholders and experience in handling intricate processes will seamlessly transition into a developer role.

Gorvins Residential LLP

Residential Conveyancing Paralegal	(Aug 2021 – Jan 2022)	Manchester, UK
Work experience in Legal Advice Team at Slater and Gordon Lawyers	(Dec 2019 – Dec 2019)	Manchester – UK
• Generalist Advisor at South Lakes Citizen Advice	(Oct 2013 – Feb 2017)	Cumbria – UK
• Assistant to the Chief Judge at Riga District Court	(Mar 2005 – Jun 2008)	Riga – Latvia
• Assistant to the Judge at Riga District Court	(Apr 2004 – Mar 2005)	Riga – Latvia
